We want new members to be warmly welcomed in Sisu/MBK, which with 330 members, is the largest tabletennis club in Denmark. Here, the most important thing is not that you are a highly skilled tabletennisplayer. We think it's more important that you're a nice fun and good club buddy who wants to be part of a positive community.

Therefore, club tours, tournaments and parties are organized. See current listings in the club, on the website and the emails you will receive continuously. In the cosy living room there is the opportunity to watch TV, listen to music, play games and have a nice chat with club mates. Beer and softdrinks can be bought. It is not allowed to bring your own drinks.

There is a cold water dispenser. There is, of course, a smoking ban in all the club. You have the option of a minimum of 1 weekly guided training session by trained coaches. You can sign up for rallies and participate on tournament teams. We have over 30 tournament teams from 1. Division to Series 5. You can also just enjoy the game. Enjoy!!
